About Me -

I am a professional with a strong analytical profile and a growing focus on information technologies. I am currently enhancing my background with skills in software development, data analysis, and agile methodologies.

I am seeking a new professional challenge where I can contribute to a team, particularly in the implementation of technological solutions.

Tech Skills

Python, Java, PHP, HTML, CSS, SQL

K Git, Jupyter Notebooks, Jira, Trello

Linux, macOS, Windows

Latex, Markdown

Languages

Spanish

English

Certificate in Advanced English

□ IGCSE, GCE (AS Level)

First Certificate in English

TOEIC

Working Experience

2021 – 2025 **R&D Engineer + Project Manager** LIA Aerospace

> Coordination of the development of a space propulsion system. Analysis of experimental data using Python. Drafting and reviewing

technical reports.

2019 - 2021 **R&D** Engineer LIA Aerospace

Development of physical simulations in Python. Design and testing

of flight and ground systems for a sounding rocket.

2015 – 2019 **R&D** Engineer Centro Atómico Bariloche - CNEA

> Simulation of neutron diffractometer optics. Development of scientific software in Python for data analysis and numerical

optimization routines. Drafting and reviewing technical reports.

2014 - 2015 Centro Atómico Constituyentes - CNEA

Recipient of a scholarship for the postgraduate diploma in Nuclear

Reactors and Fuel Cycle at Instituto Dan Beninson.

2012 – 2014 **R&D Engineer Instituto Tecnológico de Buenos Aires**

Design, construction, and testing of a propulsion system for a satellite and a high-pressure hydrogen electrolyzer. Teaching assistant and

co-advisor for a thesis project.

2008 – 2012 **Instituto Tecnológico de Buenos Aires** R&D Intern

Design, construction, and testing of prototypes at the Hydrogen Laboratory of the Department of Mechanical Engineering.

Gráfica ECO

Machines setup, calibration, operation, and maintenance.

Education

2007 - 2008

2024 -**Systems Analyst Degree** Escuela Da Vinci

Partial average: 9.9/10.

Offset Printer Technician

2017 – 2019 **Master in Engineering Instituto Balseiro**

Focus: Neutron Optics. Average: 9.6/10.

Instituto Dan Beninson 2014 **Postgraduate Diploma**

Focus: Nuclear Reactors and Fuel Cycle. Average: 9.6/10.

2005 – 2012 Mechanical Engineering Instituto Tecnológico de Buenos Aires

Best 2012 Mechanical Engineering Thesis Award. Average: 7.3/10.

Balmoral College 2002 – 2004 **Bilingual High School**

Focus: Natural Sciences. Average: 8.0/10.

Workshops & Courses

2020	IBM Data Science	IBM + edx
2020	Python Data Science	IBM + edx
2020	Data Science Foundations	IBM + edx
2018	Introduction to Computing in Python	Georgia Tech + edx
2017	Introducción al lenguaje Python orientado	Instituto Balseiro
	a ingenierías y física
